2 I fear the party will not be able to see much of the Med. activities of the State within the time allotted. However we may agree to have them for a night as guests in the Staff Quarters. Next morning, after breakfast they may see the K.R. Hospital & later they may see parts of Mysore & leave Mysore after a visit to K.R. Sagar Dam. The cost will be very heavy — as the cost of dinner, breakfast & lunch for about 30 people.

The real question seems to be whether the delegates really wish to see medical institutions at all.

The first letter suggests that they should "see Mysore town and the Krishnaraja-"sagara irrigation dam, together with any-"thing of medical interest which could be "shown", thus giving the institutions a very secondary place. The second letter asks for a detailed programme of sight-seeing, and says nothing about medical institutions at all.

If, as I imagine, sight-seeing is what they are really coming for, I would suggest a visit to the sights of the town on the afternoon of their arrival, including the Zoo, Elephant Stables, and Chamundi Hill, and the Krishnarajendra Hospital, Wesleyan Mission Hospital and the Tuberculosis Sanatorium, then a dinner, at which all the doctors resident in Mysore would be asked to

meet them; and on the following day a visit to Krishnarajasagara and Seringapatam, followed by a picnic lunch at the latter place, after which they could proceed by the afternoon train to Bangalore and dine at the station as already proposed.

If they really want to do hospitals, I think the programme put up would serve very well, but would suggest one small change, namely, to let those of them who wish, go to the Krishnarajendra Hospital immediately after lunch on the 17th, instead of putting the visit at so late an hour as 6-30 to 7-30 p.m. It may also be noted that the 18th is a Sunday.

As there are such a large number of them, it might perhaps be well to offer the two alternatives. It would be very difficult to handle a party of 30 in a hospital or elsewhere, and I fancy the trip could be made much more enjoyable, both for them and for the people concerned in entertaining them, if we could break them up into two lots and so give them more individual attention.

Final Note by the First Member of Council.

Subject:—

Visit of the Delegation of the Far-Eastern Association of Tropical Medicine to the State.

In his letter dated 20th July 1927, the Director General of Indian Medical Service and the President of the Far Eastern Association of Tropical Medicine, intimated that the seventh Congress of the Association had been arranged to be held at Calcutta in December and that after the Session of the Congress the delegates of the foreign countries are proposed to be taken on tour to different parts of India to be shown the different medical activities and sights of the Country. The President enquired whether the Mysore Government would extend its hospitality to a party consisting of about 30 delegates for a stay of a day or two at Mysore on the 18th and 19th December 1927. As the cost of the visit of the delegation to the State as proposed was not expected to be heavy, the Director General, Indian Medical Service, was, with the approval of the Dewan, informed that His Highness' Government would gladly extend their hospitality to the party of delegates and provide them with suitable boarding and lodging for them at Mysore.

In his letter dated the 31st August 1927, the General Organising Secretary of the Congress, Far Eastern Assosiation of Tropical Medicines, requested to be informed of the details of the arrangements made for the boarding and lodging of the delegates during their stay at Mysore and the programme of events arranged for them on the occasion. Arrangements for the boarding and lodging of the party as also a programme of events to be gone through by them, were arranged in consultation with Sir Charles Todhunter and this was communicated to the Organising General Secretary of the Association. The Secretary of the Congress has now intimated the acceptance of the arrangements made for the delegates on the occasion of their visit to the State.

Dear Mr. Ranga Rao,

I am in receipt of your two D.O. letters regarding the visit of the delegates of the Far Eastern Association of Tropical Medicine to Mysore on the 17th Instant.

I returned from tour this afternoon and am proceeding to Mysore on the 15th Instant to meet the Delegation. A copy of their tour programme was communicated yesterday to the various Medical Institutions named. The fact of the meeting in the afternoon has at the same time been notified to the local Medical and Sanitary Officers, as well as to Dr. Dominick.

I expect to return from Mysore on the 19th Instant.

Yours sincerely,

Dear Sir,

You are aware that the Government of India has invited the Far Eastern Association of Tropical Medicine to hold its 7th Congress in India in December this year. The Far Eastern Association is an international medical association whose objects are already well known to you as His Highness the Maharajah has already expressed his sympathy with the movement in response to my letter of invitation to become a Vice-Patron and your Government have nominated three delegates to represent it at the meetings in Calcutta.

After the Calcutta session the delegates of foreign countries are to be taken on tour to different parts of India so that they may be shown the different medical acitvities and sights of the country. Two main tours are being planned, one through Northern and the other through Southern India, both finally meeting in Bombay. We are very anxious that the foreign delegates should see every aspect of Indian life and a visit to your State would greatly enhance the value and pleasure of the tour.

A suggested itinerary of the Southern tour is enclosed herewith. We suggest, if you agree, that the party should travel from Ootacamund to Mysore, stay the night in Mysore, see Mysore town and the Krishnarajasagara Irrigation Dam together with anything of medical interest which could be shown next morning and finally leave Mysore for Bangalore the same afternoon en route for Bombay. I would be very much obliged if you would let me know whether His Highness' Government would care to extend any hospitality to the delegates particularly with reference to providing them with accommodation for the night etc., and whether your medical department would like to undertake the demonstration of the sights in Mysore and any medical activities of the State which could be fitted into the time at the disposal of the delegates. The exact number of delegates who will proceed on the Southern Tour is not yet known but will not exceed 30 and will probably be much less.

As I am anxious to fix the itinerary of the tours as soon as possible I would be very much obliged if you could let me have an early reply.

Yours faithfully

Amin-ul-Mulk Mr.Mirza M.Ismail,B.A.,C.I.E.,O.B.E.,

Dear Sir,

With reference to your D.O. letter No. 8084 dated 9th August 1927 to the Dewan of Mysore ~~that~~ a communication has been addressed to this Government by the Director General, Indian Medical Service, about the visit of 30 delegates of foreign countries to Mysore, I enclose herewith a copy of the communication under reference. The Government of His Highness the Maharaja will be glad to welcome these delegates and provide suitable boarding and lodging for them for a night at Mysore.

As proposed by the Director General, the delegates may see something of the Mysore town and the Krishnaraja Sagara dam the next morning and leave Mysore for Bangalore the same afternoon en-route to Bombay.

Yours sincerely,

Major K.A.G. Evans Gordon,
Secretary to Hon'ble the Resident

Dear Sir,

I am desired to acknowledge receipt of your letter No. A.66/6619, dated the 20th July 1927 about the visit to Mysore of about 30 delegates of the Far Eastern Association of Tropical Medicine. His Highness' Government will be glad to extend their hospitality to the party of delegates and provide suitable boarding and lodging for them for a night at Mysore.

2. As proposed by you, the delegates may see something of the Mysore Town and the Krishnarajasagar Dam the next morning and leave Mysore for Bangalore the same afternoon en route Bombay.

3. It is presumed that they will arrange for their conveyances in connection with their visit to the Krishnarajasagara and other places.

The General Secretary,

Mysore.

Sir,

Your letter No.G.1773/Med 149-26 dated the 15th August has been received and I have been informed that the President of the Far Eastern Association of Tropical Medicine has already written thanking your Government for their generosity in agreeing to entertain the delegates of the F.E.A.T.M. during their visit to Mysore. The pleasure of their visit will be very greatly enhanced thereby. I have the honour to address you with a view to settling the details as far as possible.

I enclose herewith two copies of a draft of the Southern Tour to be undertaken by the delegates.

Messrs Thos.Cook & Son have undertaken the arrangements for the railway travel and they have also been requested to arrange for the transport of the delegates by car from Ootacamund to Mysore and for the conveyances for sightseeing as requested by you. The delegates ~~a~~ are staying the night at Ootacamund. They will,therefore, be able to make a ~~considerably~~ minutely early start. I would,therefore, be obliged if you would let me know if you would like them to arrive at any particular time so that their start can be arranged accordingly.

The question of accommodation and meals remains. You have been kind enough to say that your Government will provide suitable boarding and lodging for the delegates during their stay. I would,therefore, be very much obliged if you would kindly fill in the details on the drafts so that I may know exactly what arrangements you desire to make and how the question of meals etc can be made to fit in conveniently with the sightseeing arrangements.

As I am not personally acquainted with Mysore I would be very much obliged if you would give me your views as to a detailed programme of sightseeing which would be of the greatest profit and interest to the delegates and one which would fit in into the time at their disposal. A visit to Krishnarajasagara dam has been suggested, but I would be obliged for any further suggestions on this question.

Lastly I would be much obliged if you would let me know whether we may expect any representatives of your Government, such as members of your medical department, to escort the delegates during their visits to the various sights so that, if necessary, I can make arrangements for their conveyance with the delegates.

I will be pleased to hear from you as soon as convenient and request that you will return one copy of our draft with that part between the red lines filled in with the particulars of your wishes.

I have the honour to be,

Sir,

Sir,

I have the honour to acknowledge with many thanks your letter No. G 3271/Md, 149-26 of September the 21st enclosing the G0.1 provisional programme for the visit of the delegates of the F.E.A.T.M to Mysore on December the 17th and 18th. The provisional programme is a most interesting one and will be much appreciated by the delegates.

I note that you wish the delegates to arrive in time for lunch. Upon their time of arrival will depend the details of the programme arranged for that afternoon, this time must, therefore, be fixed before the programme is finally decided.

The arrangements for the conveyance of the delegates from Ootacamund to Mysore will be in the hands of Thos. Cook. I will inquire from them what time the delegates will arrive and let you know.

I note also that Thos. Cook should be asked to supply conveyances for sight-seeing alone during the visit and that you will depute an officer to accompany the party at Mysore.

I have the honour to be

Dear Sir,

In continuation of my No. 2522 dated Kasauli, the 28th of September, written in answer to your Letter No. G 3271/Md. 149-26/GO 1 dated the 27th of September, I beg to inform you that the programme forwarded by you is suitable in every way and should be greatly appreciated by the delegates. Messrs. Thos. Cook & Sons have been asked to incorporate it in the general schemes of the tours and they are making all arrangements for the convenience of the delegates during their visit to Mysore. Arrangements are also being made for the delegates to leave Ootacamund in time to reach Mysore at or about 2.00 P.M. as desired by you.

I should mention that since I wrote to you first I have heard that the number of delegates is not likely to be so many as was first estimated. My previous estimate was a minimum of 20. This minimum has now been reduced to 15. (but I wonder it may be more) I should say also that the party may also include a few ladies

either the wives of the delegates or Lady Doctors who are Members of the Association. I trust that this will not interfere with such arrangements as you have been good enough to undertake for the accommodation of the delegates.

12th December 1927

My dear Dr. Usmon,

I have just received your D.O. letter of date enclosing a copy of your tour programme for the current month. You have perhaps forgotten that the Delegation of Far Eastern Association of Tropical Medicine will visit the State from the 17th to the 19th. of this month. I am to request you to make it convenient to meet the party and continue to be with them during their stay in the State.

Yours sincerely,

S S Ranga Rao

Dr. B. Mahomed Usmon, L.M. & S.,
Senior Surgeon in Mysore,
Bangalore.

No. 663/D/13/12/42

Dear Dr. Usmon,

I hope you are in receipt of my D.O. letter of yesterday reminding you of the Visit of the Far Eastern Delegation of Tropical Medicines. As possibly the matter might have dropped out of your mind, I am enclosing a copy of the programme which has already been sent to you. I take it that you have made the necessary arrangements at Mysore for the various events referred to therein including also the meeting of the Medical and Sanitary Officers.

In the copy sent herewith, it is stated that the meeting will be of Medical and Sanitary Officers of the Mysore State. It is not quite accurate, as the intention was that the delegation was to meet only such officers as were available at Mysore since. The Delegation will have already met the Medical and Sanitary Officers stationed at Bangalore, viz., Dr. Subba Rao and Dr. Karve.

It may perhaps be desirable to ask Dr. Dominick to go to Mysore for a day. Please do so

Yours sincerely,

Dear Mr. Ranga Rao,

In continuation of my D.O. No. C. 249-4 dated the 14th December 1927, I write to report that, in anticipation of the sanction of Government, I permitted the marginally noted officers also, besides Mr. Dominick, to proceed to Mysore on duty for a day to meet the Far Eastern Delegation of Tropical Medicine and to attend the two lectures. All the officers named are at present engaged on duties which have a direct bearing on the Science of Tropical Medicine. I request that my action may kindly be approved.
